Yes please subscribe me to Australian Marine Parks news Your submission may also be published online by the Director of National Parks. Please tick 'No' if you do not want it published. Your submission will still be considered in the Director's Report on the Preparation of the Management Plans, and may be provided to the Minister and tabled before Parliament: Yes

Does your comment relate to the renaming of marine parks? No Please type your comments below: Hi i would like to thank the National Parks for considering all the info and adjusting their plans to try and suit every body in there new plans. It is great to see that you have moved the area away from the Perth Canyon, this is a area that PGFC and FSCGFS have been fishing since 1949, mostly only fishing the top few metres of water chasing migratory fish for only about 4 months a year, also these fish are mostly tagged with research tags and released. I am willing to participate in any activities that would help in the knowledge of pelagic species in the area.
