Does your comment relate to the renaming of marine parks? No Please type your comments below:
For 20 years I have fished these grounds for pelagic species, as my fishing club PGFC has done since 1949. Never have I had any run in with any large marine mammals, or seen any research vessels for that matter.

I have encountered naval submarines and container ships, which all dwarf my vessel.

I am happy to participate in any research activities moving forward.
