Yes please subscribe me to Australian Marine Parks news Your submission may also be published online by the Director of National Parks. Please tick 'No' if you do not want it published. Your submission will still be considered in the Director's Report on the Preparation of the Management Plans, and may be provided to the Minister and tabled before

Parliament: Yes

Does your comment relate to the renaming of marine parks? No Please type your comments below: Recreational fishing (surface trolling, predominantly catch and release) has no or minimal impact on localised

environment and as such there is no need for restrictions!!! If serious about protection of environment, especially marine mammals, the use of high intensity sonar use, such as used in military excersise's should be restricted or stopped completely in these areas.
