Does your comment relate to the renaming of marine parks? No Please type your comments below: I want to see a total ban of large ocean going ships passing through all or any marine parks. By allowing these bulk carrier ships into the marine parks is putting money before one of Australia's greatest assets , it should NOT happen. Protection of the marine parks should be forefront in the governments eyes, not the revenue that the shipping and mining companies pay. Get them to extend existing railways, or build new ones that can take the goods to existing port facilities away from marine parks and keep big ships away from the parks.
