

How can I trust anything your government proposes when you so willingly have broken pledges to save the Gt Barrier Reef...except on your strange and flimsy terms. It is the Australian inheritance and you play with our future? Cutting back financially by 50% what has been promised to sustain the GBR is outrageous; my 18 dependents support me in calling your tune and we are shifting our votes to the Libs.

In disgust -

Rosemary

\*\*\*please, no backhanded protests and distorted 'info'!!!
