

Your Liberal decision to cut back protections for our oceans is just one of many reasons why i am compelled to vote Labor.

Liberals stand for;

Big business especially miners.....coal

Union bashing

environmental vandalism

extremist social policies

Denial of community right to choose {i.e. second rate NBN forced on us.} Welfare demonisation and cut backs.

Cut backs in aged pension.

Scripture interference in "secular" education by people who operate under no scrutiny.

etc. all so predictable.

betty sowter.(age 73...worked until march this year when state Liberals closed our facility.

A pension?? not likely under Liberal changes recently introduced. A retired nurse and teacher must be considered too wealthy to qualify.
