Your submission will still be considered in the Director's Report on the Preparation of the Management Plans, and may be provided to the Minister and tabled before

Parliament: Yes

Does your comment relate to the renaming of marine parks? No Please type your comments below: I support a return to a larger green zone allocations in marine parks, such as in the 2012 plan as I understand that large no fishing areas actually has a chance of protecting our marine environment and supports the stocking of nearby fishing areas. This will help both conservation and human industry/commercial activities e.g. tourism, fishing.
