

Dear Minister

The pending decision to cut down the sea that is protected by Australian Marine Parks and Restricted Zones smacks of complicity in big business and short sightedness.

Surely you understand the dire nature of our seas - the gross over fishing and polluted habits displayed around the world.

IT IS TIME TO MAKE A STAND FOR WHAT IS RIGHT, NOT TAKING THE ESIEST ROUTE

PLEASE have a clear conscience and INCREASE the size of these zones!

I would LOVE to have trust in politicians, please help me do this

Julia Delaney
