

Hi Minister,

I am writing to you about my concerns in your decision to the changes to the national marine parks. You need to stop these changes to ensure the preservation of the fragile ecosystems in our marine parks.

Midwater trawling is to be reintroduced and it will be now be possible for longlining to start at the southern tip of the Coral Sea reserve and continue all the way to the northern boundary.

We should be thinking about future generations being able to enjoy our beautiful marine parks. Also jobs will be lost in the tourist industry which brings in million of dollars to Australia.

Please reconsider your decision carefully.

Yours sincerely
Lyndal Nolan
