

Good afternoon Minister Frydenberg,

I am writing to you to express my strong disappointment in the Turnbull governments reduction in marine protected areas.

I have, until this point, been a strong supporter of the Turnbull government, but this has lost my vote from all future elections.

A strong focus on eco-tourism and the environment has a much longer and far reaching economical benefit for jobs and the economy that this short sighted dredging, mining and fishing exploits.

I hope to see a re-assessment of this reduction.

Regards,
