

Hell Josh

I know it must be a very hard job to keep everybody happy! But we must not cut back on what Tony did 5 years ago, All he is trying to do is save our oceans.

They are under very serious danger look at what has happened to our world in the last 40 years!

Please do not open more water so more of it can be destroyed! If anything you should increase more areas for safety for our marine life

Regards

Gilbert Vozza
