

This is a shameful and disgusting winding back of protection for our marine national parks. Coupled with the Turnbull government's obsession with coal and the potential destruction of the Great Barrier Reef from the proposed Adani coal mine I wonder how members of the Liberal government can sleep at night? What will these red necked politicians tell their children and grand children? Daddy wrecked our local environment and contributed to global warming to boot! Shame on you Turnbull!

Regards,

John Young - GradDipEnvSc, MOHS, FRSPH, CFSIA, ChOHSP, RSP (Aust)
