

Dear Sir/Madam,

I'm writing to you to express my enormous concern that my government is intending to reduce our marine parks drastically. We are all living at a time of great need to protect our natural environment. There are so many signs of depletion and degradation in the natural world, and to add to that now is beyond understanding.

It needs courage to act for the greater good than for the powerful few. Please use your courage in refusing to cut the sanctuaries, Kate Pediaditis
