

One has to really question does any Government ( the powers that be) think past today and not the real consequence that will be left for future generations to come for the mess which will be left for them to try to clean up.!

No matter how they try to justify what they are doing, or done! it can not be justified .!  
Just So Very Sad, that the whole of this Beautiful Country and its Oceans is in Some Hands  
That Seemingly Fail To See Its Beauty or Worth!
