

To Whom It May Concern

I am deeply concerned that there is a consideration to cut the area of ocean protected by Australia & I urge you to please consider giving them even more protection.

Every Australian citizen has a right to expect our government to protect our oceans right now, not doing so makes them more vulnerable & soon it'll be all too late & once gone can never be reversed.

We owe it to all future generations who have a right to inherit our oceans, to be able to enjoy them the same way we do right now.

Yours truly
Mrs Felicia Sandover
