

Attention Tony Burke,

I have always voted for the Liberal party and provided by hands on support on election days but this highly likely will change as I am disgusted with the lack of empathy that the Liberal party has for the environment and animals. Many other people agree with my views. Regarding our marine environment the Liberal party has stupidly and significantly been winding back marine environmental protections

In the Coral Sea alone the area placed in Marine National Parks has been halved. The same goes for Marion Reef. Even Osprey Reef, one of the top dive sites in the world has had half its area removed from the Marine National Park. **Shark and Vema Reefs have been taken out of the Marine National Park area altogether.**

Midwater trawling is to be reintroduced and it will be now be possible for longlining to start at the southern tip of the Coral Sea reserve and continue all the way to the northern boundary.

No Government **ever** has taken this many hectares out of conservation before. **It's the largest backward step in areas under conservation in history.**

Shame on you and your party!
